

Encon Breaks Ground with Lonza at the Walkersville, MD facility

Encon Group, Inc. is proud to announce that Construction activities at Lonza's Walkersville, MD facility have been kicked-off. Encon is providing a full range of services including conceptual design, process development, test fit, architectural, process and engineering design, procurement, and construction management of manufacturing expansion and infrastructure upgrades. This is a large scale comprehensive renovation for the purpose of expanding the manufacturing capabilities at Lonza's Walkersville facility and is planned for completion by the end of the year. We have worked with Lonza on numerous projects at the Walkersville, Maryland facility over the years and look forward to continuing to partner with Lonza for many years to come
